

# Para entrar a la configuración del modem/router/wifi

En el navegador poner la siguiente  
dirección:

*192.168.0.1*

Luego, completar con las siguientes  
credenciales:

usuario: admin

password: admin1327

y clickear sobre “Login”

The screenshot shows a web browser window with the address bar displaying `192.168.0.1/Docsis_system.asp`. The page title is "About - Iceweasel". The browser's address bar shows the IP address `192.168.0.1`. The page content is the Cisco DPC3928AD DOCSIS 3.0 2-PORT Voice Gateway configuration page. The page has a blue header with the Cisco logo and the model name "Cisco DPC3928AD DOCSIS 3.0 2-PORT Voice Gateway". Below the header, there is a "Status" button. The main content area is divided into two sections: "Log In" and "About". The "Log In" section contains a login form with fields for "User Name" (filled with "admin"), "Password" (filled with "admin1327"), and "Language Selection" (set to "English"). There is a "Log In" button below the form. The "About" section contains system information:

Model:	Cisco DPC3928AD
Vendor:	Cisco
Hardware Revision:	1.0
MAC Address:	cc:0d:ec:bd:01:9c
Bootloader Revision:	2.4.0beta3_R4
Current Software Revision:	d3928A-P15-13-c3210r55103-150423a-TRO
Firmware Name:	d3928A-P15-13-c3210r55103-150423a-TRO.bin
Firmware Build Time:	Apr 23 15:58:02 2015
Cable Modem Status:	Operational
Wireless Network 1:	Enable
Wireless Network 2:	Enable

Below the system information, there is a section for "DOCSIS Downstream Scanning" with the following status:

DOCSIS Downstream Scanning:	Completed
DOCSIS Ranging:	Completed
DOCSIS DHCP:	Completed
DOCSIS TFTP:	Completed
DOCSIS Data Req Complete:	Completed
